The Art of Saint John's Bible

In the tradition of *lectio divina* (reflecting on the Scriptures), *Praying the Word* is an instrumental guide for personal prayer and a companion for meditation. This exquisite treasury embodies the significance of prayer life, and makes a wonderful gift at confirmations, weddings, and other special occasions in the lives of family and friends.

Revelation

The Order of St. John in Malta with an Exhibition of Paintings by Mattia Preti, Painter and Knight

Settled in 1872 by Spanish pioneers from New Mexico, the town of St. Johns began as a farming and sheep-raising community far removed from the county seat and territorial capital of Prescott. Soon after, the Mormon Church, represented by Bishop David King Udall, purchased 1,200 acres for Mormon colonizers to settle. With the building of the Lyman Dam, the town was finally able to provide adequate water for crops and began to thrive. The building of a power plant in the 1970s doubled the population of St. Johns, but many of the original settlers' descendants are still there as well, canning their gardens' harvest and dusting from their homes the dirt brought in by the wind that never stops blowing. Although the streets are now paved and many of the old buildings and homes have long been razed, St. Johns has a unique story to tell.

Colleges that Change Lives

In the first of a planned two-volume set, this edition brings text and illumination together for reflection. This guide further opens up the significance of elements in the illuminations, and points out recurring visual motifs that connect the stories within and across the volumes.

Patmos in the Reception History of the Apocalypse

In the 1950s the brethren at the Benedictine Abbey of Saint John the Baptist in Collegeville, Minnesota—the largest Benedictine abbey in the world—decided to expand their campus, including building a new church. From a who's who of architectural stars—such as Walter Gropius, Richard Neutra, Pietro Belluschi, Barry Byrne, and Eero Saarinen—the Benedictines chose a former member of the Bauhaus, Marcel Breuer. In collaboration with the monks, this untested religious designer produced a work of modern sculptural concrete architecture that reenvisioned what a church could be and set a worldwide standard for midcentury religious design. Saint John's Abbey Church documents the dialogue of the design process, as Breuer instructed the monks about architecture and they in turn guided him and his associates in the construction of a sacred space in the crucial years of liturgical reform. A reading of letters, drawings, and other archival materials shows how these conversations gave shape to design elements from the church's floor plan to the liturgical furnishings, art, and incomparable stained glass installed within it. The book offers a rare detailed view of how a patron and architect work together in a successful building campaign—one that, in this case, lasted for two decades and resulted in designs for twelve buildings, ten of which were completed. The post-World War II years were critical in the development of religious and architectural experiences in the United States—experiences that came together in the construction of Saint John's Abbey and University Church and that find their full expression in Victoria M. Young's account of the process. Using the liturgy of the mid-twentieth century as a cornerstone for understanding the architecture produced to support it, her book showcases the importance of

modernism in the design of sacred space, and of Marcel Breuer's role in setting the standard.

The Gospel according to St. John

In an age of e-books and screens, it may seem antiquated to create a handwritten, illuminated Bible. The Benedictine monks at Saint John's Abbey and University, however, determined to produce such a Bible for the twenty-first century, a Bible that would use traditional methods and materials while engaging contemporary questions and concerns. In an age that largely overlooks the physical form of books, The Saint John's Bible foregrounds the importance of a book's tactile and visual qualities. This collection considers how The Saint John's Bible fits within the history of the Bible as a book, and how its haptic qualities may be particularly important in a digital age. The Gospel According to John

The story of the creation of The Saint Johns Biblethe first commissioned, handwritten Bible in five hundred years and the first Bible of this magnitude written in English using a contemporary translationhas been told elsewhere. In Word and Image, Fr. Michael Patella focuses not on how it was made but on how, now that it is finished, it can be read, viewed, and interpreted. Patella considers the centuries-long tradition of illuminated Bibles and also the fascinating

ways this Bible reflects third-millennium concerns. He seeks to rekindle interest in sacred art by allowing The Saint John's Bible to teach its readers and viewers how to work with text and image. As an accomplished Scripture scholar, a monk of the abbey that commissioned the Bible, and the chair of the Committee on Illumination and Text that provided the vision to the artists who created it, Patella may be the only one who could write this book with such insight, expertise, and love.

The blood of the lamb the conquering Weapon

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

St. Johns

James John, the founder of St. Johns, settled on his land claim in the 1840s and was soon followed by others. Schools, churches, and stores were established, and industrial

development followed. St. Johns was originally annexed to the city of Portland in 1891. Shipyards were developed in North Portland during World War I and World War II. Among the landmarks of the community are St. Johns Bridge and the nearby city hall building. Longtime businesses include Slim's Restaurant and Lounge, Peninsula Iron Works, the Man's Shop, and the Wishing Well Restaurant. Moonstruck Chocolate Company has been located in St. Johns since 2002. Well-known individuals, such as members of the Jower and Leveton families; Howard Galbraith, a founder of the St. Johns Heritage Society; and Walt Morey, author of Gentle Ben, have called St. Johns home. Today, St. Johns comes alive every year with events such as the St. Johns Parade, St. Johns Bizarre, and the Cathedral Park Jazz Festival. The recent influx of people of coming to Portland has influenced redevelopment within the community.

Comets, Vagabonds of Space

"In this brilliant and textured study, Jeffrey Hamburger enters the debate over theology's role in the formation of medieval art and re-centers the argument. Meticulously researched and conceptually very smart, St. John the Divine is a 'must read' for historians, art historians, theologians, and all students of image theory."—Herbert L. Kessler, Johns Hopkins University
"Hamburger creates an entirely new understanding of the images and the persona of John, the divinized Evangelist, during the Middle Ages. A beautiful and masterful book."—Niklaus Largier,

University of California, Berkeley "In this enormously erudite and stimulating book, Jeffrey Hamburger has once again demonstrated his mastery of the central issues concerning medieval religious image-making. Hamburger makes a brilliant, compelling, and very timely case for the reinsertion of theology into the study of this domain of art. His mastery of the sources, tireless unearthing of new and unexpected visual material, and judicious and attractive writing will ensure that this text remains not only an important reference point for the study of medieval religious art, but also a dazzling starting point for future debate."—Paul Binski, author of *Westminster Abbey and the Plantagenets: Kingship and the Representation of Power 1200-1400* "Analyzing an astonishing range of visual examples, Hamburger unlocks a newly discovered door in heaven, revealing the crucial role John plays in medieval thought and art as deified Evangelist as well as apocalyptic prophet and beloved apostle."—Richard K. Emmerson, author of *Antichrist in the Middle Ages: A Study of Medieval Apocalypticism, Art, and Literature*

The Saint John's Bible

H Is for Harry, the third book of poetry from Susan Sink, is a tightly woven collection of poems

on a variety of subjects, including divorce and remarriage, the role of language and literature in life, and the ways in which language contributes to identity. The title poem explores the author's first encounter with language, namely the letter "h," which comes to mean things in the real world, like Helen Keller's first apprehension of the word "water" spelled into her hand. The poems take place in a variety of American landscapes, the Atlantic coast of her childhood vacations and the more foreboding Pacific of adulthood. She takes us on a long bike ride through the streets of Manhattan and Brooklyn, and the hills of Northern California, asserting a "self" into the many-storied places she lives, "from sea to shining sea." There is delight in the life and in the language, as the narrator of the poems finds her way in and out of marriages and seeks a way to integrate the experiences even going so far as to put "the two husbands" together in a poem. These poems are deeply rooted and wildly generous, like the dazzling litany that describes the author's large vegetable garden, a celebration of sustenance and abundance reflecting the collection itself."

The Book of St John

From the time that pages of The Saint John's Bible began touring in major exhibitions nearly a decade ago, people have been moved, captivated, and inspired by this stunning work of modern sacred art. But they often have questions about the illuminations that are scattered throughout the Bible, especially as they first become familiar with it. Why was a certain Scripture passage chosen for illumination rather than another? What materials and source imagery are behind the illuminations? The *Art of The Saint John's Bible* provides answers to

these important questions and many others. Initially published in a series of three volumes, each book has now been revised by the author and included together in this helpful single volume. Since The Saint John's Bible is now complete, Susan Sink makes connections between recurring images and motifs throughout the work and reflects on the images with a view to the whole. Her book promises to intensify and expand the experience of all who come in contact with The Saint John's Bible.

H Is for Harry

This is Vanguard's second volume devoted to the work of J. Allen St. John and concentrates on the artist's full-colour fantasy, science-fiction and adventure paintings for novels and Pulp-magazines for famous authors, Edgar Rice Burroughs, Jack Williamson, Robert E. Howard and more. St. John is the original master illustrator of Tarzan, John Carter of Mars (now in major motion picture development by Pixar), and others. His illustrations inspired generations of later fantastic artists including Roy G. Krenkel, Jeffrey Jones and Frank Frazetta.

Illuminating Justice explores the call to social ethics in The Saint John's Bible, the first major handwritten and hand-illuminated Christian Bible since the invention of the printing press. Situating his close analysis of The Saint John's Bible's illuminations in the context of contemporary biblical exegesis and Catholic teaching, Homrighausen shows how this project stimulates the ethical imagination of its readers and viewers on matters of justice for women, care for creation, and dialogue between Jews and Christians. Written for scholars, pastors, teachers, and any fan of The Saint John's Bible, this book shows how beauty and justice intertwine in this wondrous illuminated Bible for the new millennium.

The distinctive group of forty colleges profiled here is a well-kept secret in a status industry. They outdo the Ivies and research universities in producing winners. And they work their magic on the B and C students as well as on the A students. Loren Pope, director of the College Placement Bureau, provides essential information on schools that he has chosen for their proven ability to develop potential, values, initiative, and risk-taking in a wide range of students. Inside you'll find evaluations of each school's program and personality to help you decide if it's a community that's right for you; interviews with students that offer an insider's perspective on each college; professors' and deans' viewpoints on their school, their students, and their mission; and information on what happens to the graduates and what they think of their college experience. Loren Pope encourages you to be a hard-nosed consumer when visiting a college, advises how to evaluate a school in terms of your own needs and strengths, and shows how the college experience can enrich the rest of your life.

The Fire and the Offering

This book tells the story of the renaissance of the Kurna language, the language of Adelaide and the Adelaide Plains in South Australia, principally over the earliest period up until 2000, but with a summary and brief discussion of developments from 2000 until 2016. It chronicles and analyses the efforts of the Nunga community, and interested others, to reclaim and relearn a linguistic heritage on the basis of mid-nineteenth-century materials. This study is breaking new ground. In the Kurna case, very little knowledge of the language remained within the Aboriginal community. Yet the Kurna language has become an important marker of identity and a means by which Kurna people can further the struggle for recognition, reconciliation and liberation. This work challenges widely held beliefs as to what is possible in language revival and questions notions about the very nature of language and its development.
